NACC Certified Since **2016**

Glass & Metal Alliance (GMA) affiliated glazing contractors serve owners and construction managers with glass and metal solutions delivered on time and on budget. GMA member contractors and craftworkers are qualified to handle all interior and exterior architectural glass and metal applications. From design consultation and constructability reviews through final fabrication and installation, GMA members raise the bar for creativity, quality, safety, and value.

ABOUT THE COMPANY

Founded by Paul Rabinowitz in 1931, the third-generation family-owned glazing company has for 85+ years embraced an entrepreneurial spirit and commitment to client satisfaction. Both are embodied in the company's tagline, Consider It Done. Advancements in technology and processes, including proprietary software, have helped the company become highly efficient in project delivery, service tracking, and scheduling. Today, Rabinowitz Glass operates from a 25,000-sf warehouse and office located minutes away from Center City. A team of 60+ employees includes estimators, field operations staff, service and new construction departments, an in-house CAD group, designers, engineers, and project managers.

NOTABLE PROJECTS

Significant Rabinowitz Glass projects completed in recent years include ongoing interior and exterior renovations at the Wells Fargo Center; a lobby renovation with new building entrances, curtain wall, spandrel glass, and decorative glass for Independence Blue Cross; an interior glass fit-out with handrails, smoke baffles, interior office partitions, decorative glass, and film for Hartford Funds; and interior office partitions and a large lobby Nanawall system for easy transition between team huddles and open collaboration for Temple University Fox School of Business.

PERSONNEL

Rabinowitz Glass is both NACC Certified and certified by ISNETWorld, an online contractor and supplier management platform to mitigate risk and strengthen relationships. Both third-party credentialing programs ensure Rabinowitz Glass operates according to the highest standards of professionalism, safety, and quality. In addition, every Rabinowitz Glass foreman holds the Architectural Glass and Metal Technician (AGMT) certification.

LEADERSHIP

President Mark Rabinowitz sits on the GMA Advisory Council and the board of the Architectural Glass and Metal Association, for which he also serves as a health and welfare fund trustee. Additional members of the Rabinowitz Glass leadership team participate in BOMA Philadelphia, IFMA Philadelphia, and the Philadelphia Building Managers and Operators Association.

COMMUNITY SERVICE

Rabinowitz Glass prides itself on philanthropic involvement. The company donates monetarily and by providing materials and labor for installations of doors, windows, and mirrors to organizations such as the Police Athletic League, the Ronald McDonald House, and City Bright. Rabinowitz Glass also packs and donates backpacks for inner-city youths through Tools for School and has been a past supporter of Outward Bound Building Adventure. President Mark Rabinowitz leads by example, serving on the boards of the Jewish Relief Agency and Synagogue Beth Or.
